God wants to Tabernacle with His people

For 205 years God has used CMJ *Church's Ministry among Jewish people* to reach Jewish people with the Good News of their Messiah and to restore the revelation to the Church of her Jewish roots.

Dr Don Stanley will be presenting by film and power point God's purposes for CMJ in Israel from the yesterday of the 1830s to the Today of 2014 and into the future.

God resided in the Tabernacle in the midst of His people and then in the Temple. His Glory now resides in His people. He has always brought together Believers from 'Every Tribe and Nation' but in the Middle East today God is giving Jewish Believers a love for their Arab neighbours and Arab Believers a passion to see Jewish people become Believers in Jesus.

Come and hear what God is doing in our time. Come and consider the Glory of God and the only way to peace in The Middle East, the same way peace comes into our own hearts and the world as God tabernacles with us.
